## TRACTOR FORK LIFT

د تراکتور فورک لیفت

AGRO1's Tractor Fork Lift Attachment is a highly practical tool for the small Industries. This equipment capable for handling of small pallets and other materials which is most frequently used in mix working environment, like, Warehouse, Greenhouse, Agriculture Haulage, Inside Factories, Construction and other Allied Industries.

This attachment is also more cost-effective tool in handling Bales at the farming field.

The Equipment is mounted on the front of Tractor and operated through its Hydraulic System. The loading capacity is up to 1000 kg / 1 ton.

DETAILS	MODEL
	AGM/FR/48
Lifting Capacity	1000 Kgs, Front Mounted
Mast Frame	MS plate variation size
Trolley	MS plate 30mm — 38mm
Fork	Carbon Steel Forged (the extender option available)
Chain	Leaf Chain Heavy Duty designed for proper lifting
Cylinder	Honed steel tube and hard chrome rod with strong oil seals
Tractor Mounting	C-Channel with MS Plate 6mm, 12mm
Control	With 2 Spools
Hoses	Pressurized Hoses easily twistable, kinks and bends
Tractor Front Tyres	Standard Size 7.50-16 Optional Size 8.25-16
